ELECTRIC

THE FUTURE OF AMPHIBIOUS BOATING

THE WORLD LEADERS IN AMPHIBIOUS MARINE CRAFT INTRODUCE THE NEXT LEVEL OF AMPHIBIOUS INNOVATION

The all new Sealegs Electric E4 amphibious craft combines the latest advances in brushless electric hub motor and lithium battery technology together with 15 years of proprietary marinisation techniques, knowledge and experience.

Sleek and modern styling is evident throughout the Sealegs Electric E4. The futuristic "glass bridge" with the proprietary Sealegs AmpTracs™ system delivers concise information and control via a large flushmount touch display for a seamless user experience

Since the development of the first electric Sealegs in 2001, the 4th generation Sealegs Electric with AmpTracs™ continues the evolution with industry-leading clean, green and quiet electric technology

SPECIFICATIONS

Length Overall	7.3m (23' 11")
Beam	2.71m (8' 10")
Draft	0.41m (16")
Weight (dry)	1390kg (3058lbs)
Deadrise	21 degrees
Maximum hp	150hp (112kW)
Fuel Tank	180L (48 U.S. Gallons)
Payload	700kg (1543lbs)
Top Speed On Water	40knots (74kph)
Top Speed on Land	10kph

SEALEGS ELECTRIC E4

- Sealegs Patented Amphibious Technology
- Sealegs proprietary AmpTracs™ Amphibious Traction and Control System
- Sealegs custom powerful marinised asynchronous brushless hub drive motors and high torque planetary gearbox
- Electronic Joystick control
- Steering wheel with integrated push button controls for wheels up/wheels down and stereo control
- **High contrast, marinised 24"** touchscreen wheel deploy/retract
- Sealegs 4th Generation Electronic amphibious drive motor speed control with advanced torque vectoring
- Two wheel drive and all wheel drive options
- Max speed of 10kph on land
- Up to 1.5 hour drive time on land (approximately 20 typical return deployments) on a single charge
- 48Volt 7kWh Lithium battery pack
- Integrated on-board mains charging (240VAC 10amps)
- Full recharge in 4-5 hours
- Regenerative Braking
- Lithium battery recharges on water from outboard via PowrFlow™ step-up charger
- Optional Solar Panel charging

100% innovation™ 0% imitation
